	Cellular and Molecular Biology	BIOL 340/340L
Cellular Biology	Cell Biology	BIOL 440**

* BIOL 441 is taught every other year

** BIOL 440 and BIOL 445 are only taught every other year

A minimum total of 62 credit hours (includes advanced placement, department credit, pass/not pass, etc.) is required to meet admission requirements. A minimum of 72 credit hours is required to qualify for professional financial aid (including loans).

This plan of study is specifically designed for University of Evansville students preparing to apply for admissions to the Doctor of Pharmacy program at Purdue University College of

Pharmacy. Additional information about the College and professional program admissions is located at www.pharmacy.purdue.edu.

Before applying for admission to Purdue University College of Pharmacy, you should contact the Office of Student Services, (765) 496-6885, pharmacy-admissions@purdue.edu, for current and accurate information. You must use the Pharmacy College Application Service (PharmCAS, www.pharmcas.org) to make an application. Purdue does not require the Pharmacy College Admission Test (PCAT).

This document has been prepared with the assistance of Ms. Francie Renschler, Pre-Professional Health Advisor, University of Evansville, (812) 488-3250, fr25@evansville.edu.

The information contained in this document is subject to change as a result of action by federal and/or state governments, the trustees of Purdue University, the administration of Purdue University, and the faculty of the College of Pharmacy.
